

# Midwest Central Young Marines

"Strengthening the lives of America's Youth"

Dear Sir or Madam:

One of the many things that we try to accomplish in the Young Marines program is to educate our youth on the importance of a drug-free lifestyle. It is with this endeavor that I am requesting your assistance. One of the requirements that a Young Marine must do in order for them to earn the Drug Demand Reduction Ribbon is:

- Give a presentation on drug demand reduction to either a civic, church, community, school or community-based audience to promote the ideas of a drug-free lifestyle.

The presentation must be verified by an appropriate authority where the activity is performed as to being of significant visibility to call attention to the ideals of a drug-free lifestyle.

Therefore, would you please take a couple of minutes to fill out this form?

Thank You,  
John Lewis  
Commanding Officer
